CONN BROTHERS.

Lancaster, Ky.

Tomorrow is Friday, the 13th. Step cautiously.

Snows came and went last week like the proverbial June frosts.

Tuesday is St Patrick's day, the day of the "wearers of the green".

Farmers are growing impatient to begin the burning of tobacco beds.

How about a Central Kentucky Baseball League with Lancaster represented?

Pianos tuned and repaired. Wright Walker & Son, Piano Factory, Richmond, Ky. 4t-Pd

The lion has had his share of March so far, will he now give place to the lamb for the finish.

The Lancaster small boy is beginning to "bat 'em out" in his sleep and the larger, tho' no less enthusiastic fan, is not far behind him.

Looks like our neighboring town of Danville is going to trail in our foot steps and build a cooperative hotel. It's easy brothers, ask Lewis Landram.

A slight break at the water works caused a half hours suspension of the plant Sunday morning, but Sup'r Heron quickly had it repaired, merely a check valve slipped.

The only church service in town Sunday was at the Baptist church, but Bro Beagle was fully equal to the occasion. Bro. Polkitt was serving his congregation at Hubble, Rev. Smith at Buena Vista and Bro. Tinder was away holding a meeting.

Last Notice To Taxpayers.

All persons indebted to the Lancaster Graded School for taxes for the years 1912 and 1913 are warned to call and settle same at once and save cost of advertising and selling property. 3-13-3t E. W. Harris, Treasurer.

QUIT PAYING RENT.

Your rent money is gone forever. Take the same amount and pay on your own home. If you can not buy a large farm, buy a "habby" farm. We can sell you any number of acres from 3 acres to 36 acres, first class land, right on pike, good building sites, right at school and churches and store, 6 miles of three County seats, splendid neighborhood. Will sell on easy terms.

For price and further particulars apply to Hughes & Swinebread, Lancaster; Ky.

P. S. We can sell you 50 acre farms, 100 acre farms and up to 500 acre farms, at the right prices. 3-12-2t

Turnpike Contracts.

In this issue of the Record will be found the annual announcement of the reception of bids for contract work on the turnpikes of the county, together with specifications and full information for those who desire to bid upon the work.

John Kennedy Dead.

John Kennedy, aged 18 years, son of Mr. Joseph Kennedy of Richmond, died in Middlesboro last Friday and his remains were brought to his home in Richmond for interment. His death was due to ptomaine poisoning. He was taken ill in Florida where he had been employed in the automobile business, and was being hurried to his home in Richmond, but died when he reached Middlesboro. The deceased was well known in Lancaster and was a nephew of Mrs. J. A. Arnold and Mrs. J. C. Doty of the county. Mrs. Doty, Mr. and Mrs. Paul Arnold and Miss Brunette Arnold went to Richmond Saturday to the funeral.

Barker Convicted.

Robert Barker was found guilty by a jury in the circuit court last Friday of the killing of John Eason and his punishment fixed at confinement in the penitentiary from two to twenty one years. The killing occurred at Locust Grove School house on Hebron Ridge in this county on Sunday afternoon March 16, 1913. The men were brothers-in-law, the deceased Eason having married a sister of Barker. The difficulty which preceded the killing had its origin in matters pertaining to their domestic relations. The dead man was about thirty years of age and left a wife and two children, Barker is a widower and has four children, one of whom at the time of the killing was an infant in arms and was being cared for by the wife of the dead man. The prosecution was conducted by Commonwealth Attorney E. V. Puryear assisted by attorney J. E. Robinson. The defendant was represented by Attorney J. I. Hamilton and L. L. Walker.

Folk Lore.

We have been accused of being superstitious because we professed a belief in the predictions of the ground hog, and circumstances have fully justified our belief, and the sagacious animal has been proven of better character "for truth and veracity" than some people know. Stimulated by this justification in our faith we are constrained to call the attention of our readers to the fact that tomorrow, Friday, again falls upon the 13th day of the month. Now traditions handed down to us warns us to be exceedingly cautious upon this particular day, to be exceedingly careful of our undertakings. Of course we do not expect every one to believe as strongly in such matters as we do, or to go to the limit of carrying the left hind leg of a grave yard rabbit in their pocket, but we do advise them to exercise a reasonable amount of caution. February 13th fell upon Friday, and everyone knows what miserable weather conditions accompanied it, and that many people suffered accidents from falls on the slippery streets and sidewalks, and now coming in the next month following, we advise extra caution. The same thing occurs in November, three times during the year, very unusual, and we shall offer a sigh of relief when we have safely passed all of the "Friday, the 13ths" in the year.

Governor Signs Insurance Measure.

Almost immediately after it was submitted to him, last Saturday afternoon, Gov. McCreary signed the famous Glenn-Green Insurance bill. This action was taken within an hour after it had been signed by the officers of the two houses. Immediately following this action four of the leading insurance companies notified the Insurance Commissioner that they would suspend business in this state, they did not signify their intention of withdrawing from the state, or make any kind of threats, but simply signified their intention of suspending. Whether or not other companies will do likewise, and just what effect the passing of the measure will have upon the insuring public, remains to be seen.

One of the most important facts for the general public to understand in connection with this bill, is that it can in no way affect insurance policies. The provisions of the bill, to every owner of insurable property.

The bill in brief, extends the powers of the State Rating Board to supervise the application of the schedules of fire insurance rates fixed by the board, and which schedules are now being applied by the companies according to rates made by their own actuarial bureau, to which all the companies subscribe.

The bill levies a tax of one per cent on all premiums for the support of the board and to defray the expense of the broadened powers of supervision. This tax will bring into the board approximately \$42,000. The board may employ as many experts and clerks as it sees fit, within the amount raised by the tax.

"Lid On" In Lexington Last Sunday.
Lexington had a tight Sunday, probably the first one for a long time. Saloons, grocery stores and barbershops were apparently closed tight. The new state of affairs occasioned very little inconvenience, as such action had been anticipated and the public had provided itself with the where with to prepare a Sunday dinner before hand, as had many others who desired to quench their thirst with something stronger than water during the Sabbath.

Sales Of Land.

Hughes & Swinebread, the real estate men, report the following sales recently made for G. B. Swinebread a member of the firm. To J. T. Roberts 12.84 acres at \$100. per acre, to J. B. Hughes 4 acres at \$125.00 per acre, to the McKendree Methodist Church for a parsonage 4.83 acres at \$125.00 per acre, to Messrs Tankersley and Mrs. Nash 20 acres at \$100.00 per acre, to W. S. Owsley 71. acres at \$100.00 per acre, to George Beszley 2.60 acres at \$115.00 per acre and to several other parties from one to 5 acres at \$100. to \$115.00 per acre. All of the above sales are a part of the land purchased by G. B. Swinebread from S. M. Spoonamore at Hubble Lincoln County. These real estate men still have a part of the land left which they expect to divide and sell in small tracts.

Hunter Irvine Buys Palatial Home.

O. H. Irvine has purchased the three-story brick residence, formerly owned and occupied by the late Dr. John G. Cecil, at the corner of St. James Court and Magnolia avenue, the consideration being in excess of \$20,000. The house is one of the handsomest in the southern residence section. It is situated on a lot seventy-seven feet wide. The transfer was made through J. Lithgow Smith, of the Fidelity & Columbia Trust Company.—Courier Journal.

Mr. Irvine is well known, in and was a former resident of Lancaster, the oldest son of the late Prof. J. L. Irvine, who taught school here for many years. O. H. Irvine married Miss Susie Harris, a niece of Judge E. W. Harris of this place. Mr. Irvine is the proprietor of the Old Kentucky Distillery in Louisville.

Sure Lancaster Wants To Get In.

There is a movement on foot in Danville to organize a league of ball teams among the towns in this part of the state, and Lancaster is mentioned as one of the towns likely to want a place. We are sure that we voice the sentiment of innumerable fans in this community when we say "we sure do" want to enter, and we hope that some of our boys who have not passed the playing age, will take the matter up and make arrangements for a good team in Lancaster during the coming season. If there is anything in the world that will make Lancaster people loosen up their purse strings it is a winning "home team", they will go the limit, both as to physical and financial support. Why last year in lieu of anything else in the way of a ball game, the Lancaster fans gave their unqualified support and patronage to the local colored team, and by the way, it was a good one.

Are We To Have A Fair This Year.

Our readers can best answer the above question. It would be the easiest matter possible to organize a Fair Association in Garrard county. All that is needed is someone to take the initiative. Those who have done this before find their time so taken up by other matters that they have no time to devote to this especial business. In the meantime, the time is waning, other towns around us are claiming dates and making preparations to give an exhibition, why not Lancaster? In days not long past we bore the reputation for giving one of the best exhibitions in the state. That reputation is not gone beyond recall, it would be an easy matter to reestablish it. Let some good man take the matter up, and he will find it an easy matter to enlist the assistance of ample means and men to push the enterprise to a successful finish. Who will try it?

Soon To Be A Serious Proposition.

Farmers are already in many instances compelled to haul material a long distance to burn tobacco beds, nor is the hauling the most serious part of the job, securing the material is where the rub comes in. So scarce is wood becoming this country, that in order to secure material for this work, farmers in many instances are compelled to clear thickets, oft times for their neighbors. Every year this problem grows more and more serious, the material harder to obtain, the distance to go for it grows longer, and unless in the near future the science of this progressive age furnishes some solution to the problem, the burning of tobacco beds will have become a thing of the past.

And this is more serious than the mere statement would imply; there are many farmers who would discontinue the growing of tobacco altogether unless their seed beds were properly burned; nor do we know but they would be justified in such a step. We have never heard of a seed bed being sown without having been previously burned, but without expert advice on the subject, are inclined to the theory that it would be a failure; and the plants would be literally taken by the weeks.

Surely the path of a City Councilmen is not strewn with roses, just ask one of them.

Hudson & Hughes, have the most complete stock of Highest Grade Seed Oats, Clover and Timothy seed, that can be found in the state. They do not carry but one grade and that is the best money can buy.

A New Citizen.

Mr. and Mrs. Frank Brown are rejoicing over the arrival of a ten pound baby. The youngster being christened Robert Elliott.

W. C. T. U. Remembers Mrs. Burnett.

The local Chapter of the W. C. T. U. presented Mrs. Burnett with an elegant souvenir spoon as a token of their remembrance and appreciation of her long, faithful and pleasant connection with that body. Mrs. Burnett will make her future home in Shelbyville, and with her departure the W. C. T. U. will lose one of their most enthusiastic and useful members.

Notice To Trustees.

All of the trustees in the county are requested to meet in the Police Court Room at 10 o'clock Tuesday morning, March 17th, to hear Miss Lida B. Gardner, Superintendent of Schools of Nicholas county, on subject of Kentucky Educational Association. Blanks for taking census will be distributed. All teachers, and those who are interested on the subject are invited to attend.

Welcome Guests.

Drawn hither by the big Paint Lick damage suit against the L & N railroad, pretty much every business man in Paint Lick has been in Lancaster this week, and with out an exception every one of them paid their respects to the Record office. They are a representative body of men, business men of the most progressive stamp, capable of rising above adverse circumstances and pushing their various callings to the front rank in the face of what seemed almost complete ruin, as was demonstrated by them after the tremendous damage done at the time of the disastrous flood in their thriving little city; courteous gentlemen, one and all, we welcome to our city, and hope that they may come oftener and stay longer.

Children Under 12 Years Not To Be Admitted To Reform School.

The State Prison Commission has made a ruling that children 12 years of age and under sent to that institution will be returned to the county from which they were received. The children ranging in ages from 9 to 12 years of age, some twenty five in number, now in the institution, will be returned as rapidly as possible to the county from which they were received. The Commission takes the view that the Reform School is no place for children of such tender years. County Judges, and courts before whom such cases are tried are requested to give heed to this ruling.

Three Garrard County Convicts To Be Freed.

By the recent decision of the Court of Appeals in the DeMoss case, 422 convicts will be given their freedom at once, 232 at the Frankfort Reformatory and the remainder of the number at the institution at Eddyville. The Parole Board has just finished its labors of compiling a list of those entitled to parole under the new ruling with the above result. Three men sent from Garrard county will secure their freedom at once under the ruling, they are Dave Denny, sent for malicious cutting and wounding, served two years, Homer Reed, housebreaking, served two years, both of the above are colored, and Quincy Tankersley, manslaughter served three years.

Meeting Of All Classes Of Kentucky Citizens To Be Held In Louisville April 10. Co-operation Along All Lines

It's Object.

The 17th Annual Congress for Education In The South, or a Conference of farmers and other business men is to be held in Louisville on April 17-10th, having as its object to organize and build up country life by demonstrations, exhibits, conferences and addresses. Hon. Johnson N. Camden of Versailles is President and Prof. T. J. Coates secretary.

Ten thousand interested Kentuckians are expected to attend, and Garrard county should help to swell the crowd. The railroad fare will be \$3.60 for the round trip, and there will be lots of entertainment to make the trip both a profitable and pleasant one. At this meeting there will be organized farmers clubs, boys clubs, girls clubs, country school and country church demonstrations, demonstrations of the various phases of the Womans Club. The clubs will be organized and conducted as if for permanent work and in each will be combined exhibit, demonstration and conferecy. There will be noted men and women present to take part in the work and to assist in the demonstrating, and in the course of the meeting there will be excursions to Blue Grass farms. The meeting is calculated to be both highly instructive and interesting.

SUNDAY SCHOOL.

Lesson XI.—First Quarter, For March 15, 1914.

THE INTERNATIONAL SERIES.

Text of the Lesson, Luke xiii, 10-17; xiv, 1-6—Memory Verses, 3-5—Golden Text, Mark ii, 27—Commentary Prepared by Rev. D. M. Stearns.

Both of the portions assigned for today are Sabbath day incidents. In the first He healed a woman in the synagogue who had been afflicted eighteen years, and in the second He healed a man who had the dropsy in the house of one of the chief Pharisees. The ruler of the synagogue was indignant because the woman had been healed on the Sabbath day, for the day was more to them than the Lord who gave them the day, and they had not learned that the one in their midst was the Lord even of the Sabbath day, greater than the temple, and that it was lawful to do well on the Sabbath day (Matt. xii, 6-8, 12).

The late Dr. Weston of Crozier seminary says, in his notes on Matthew, that the immediate occasion of the determination by the Jewish rulers to put Christ to death was His relation to the Sabbath. Christ claimed that the Jewish nation were His people; that as Son of Man He was greater than their greatest king; greater than the temple, greater than the sacrifices, greater than the Sabbath; that all these were ordained for the sake of redemption, that God might through them show mercy; that His object was to give, not to receive, and that necessarily the Redeemer was greater than all the means of redemption.

The Jewish Sabbath was the one peculiar and distinctive ordinance of the nation. It was the Jewish national flag. If the nation is to be deprived of its distinction from other nations, what is the use of being God's people? Pride, self-righteousness, arrogance, had taken possession of them. Incarnate love was in their midst; doing its mighty works, and they thought it was Satan.

They did not know heaven from hell, sin from holiness, God from the devil. Their case was hopeless. The nation was doomed. Yet He was slow to cast them off. Ephraim was joined to idols; Israel would not frame her doings to turn unto her God, yet His cry was, "How shall I give thee up?" (Isa. iv, 17; v, 4; xl, 8.)

As He said in the parable of the unfruitful fig tree, "Let it alone this year also till I shall dig about it and dung it, and if it bear fruit, well, and, if not, then after that thou shalt cut it down" (Luke xiii, 6-9). He is slow to anger and plenteous in mercy, not willing that any should perish, but the day of the Lord will come (II Peter iii, 9, 10). He delights in mercy and loving-kindness, and judgment is His strange work (Jer. ix, 23, 24; Hos. vi, 6; Isa. xxviii, 21).

Sabbath signifies rest and a ceasing from our own works (Gen. ii, 1-3; Heb. iv, 3, 4, 10), but these hypocrites were full of their own works, their own days, their own feasts and their own ways and were so occupied with them and blinded by them that they could not see the light from heaven that was in their midst.

The sicknesses which He healed were typical of the spiritual condition of the nation and of the condition of multitudes today. This woman in the synagogue was like many who are found in our churches. She was long years bowed down, bound by Satan and utterly unable to lift herself up. Every unsaved person is bound by Satan and unable to loosen or lift up himself, and neither the synagogue nor any mere human agency can do any good, for by the deeds of the law no one can be justified, for the law, although holy and just and good, cannot give life (Gal. ii, 16; III, 10, 11, 21; Rom. vii, 12).

Thus it was with Saul of Tarsus when he saw the same Lord on the way to Damascus. Thus it will be with Israel as a nation when they shall see the same Jesus coming in His glory. Thus it has been with multitudes now in glory and multitudes still on earth, and thus it might be with every one still bound by Satan if they would let the Lord lay His hand upon them and speak peace to them. For the free gift of God is eternal life, and whosoever will may take it (Rom. vi, 23; Rev. xxii, 17).

In our second portion He did not say, "Which of you shall see?" but "Which of you shall have an ox or an ass fallen into a pit?" Surely He can save His own property at any time and in any place, but His pitiful cry is, "Ye will not come unto me; Israel would have none of me" (John v, 40; Ps. lxxxi, 11). The woman came to Him when He called her (xiii, 12), and so did the little child, but He is saying to many: "I have called, and ye refused. Ye have set at nought all my counsel and would none of my reproof" (Prov. i, 24, 25).

These great foundation truths must never be forgotten: "God is love;" "The Lord is not willing that any should perish." He is still asking, "What more could have been done that I have not done?" (Isa. v, 4.) It is still true, "This man receiveth sinners."

Five Daily Calls to Prayer.
At sunrise the light sleepers are awakened by the long, mellow cry of the muezzin from his tower:

God is great!

I testify that there is no God but God!

I testify that Mohammed is the prophet of God!

Come to prayer!

Come to salvation!

Prayer is better than sleep!

God is most great!

There is no God but God!

As one hears five times each day from the minarets of the mosques of Cairo this summons to prayer, as one beholds the faithful reverently bowing their bodies in their shops or in the public highways, one readily perceives that in Cairo is near the heart of the Moslem world. These prayers occur at sunrise, midday, 3:30 in the afternoon, at sunset and an hour and a half after sunset. The faithful must attend their prayers with bows and prostrations to show perfect devotion.—Clayton Cooper's "The Man of Egypt."

Molasses For Shoes.
Shipping Louisiana molasses into New England by the hogshead and sending the same hogshead back south again with shoes were incidents of the shoe trade of Avon years ago. It was back in 1810, when the present town of Avon was East Stoughton, that two brothers were in company manufacturing shoes and as a side line ran a grocery and general store in a spot where now stands the postoffice building. One of the brothers went south and located in New Orleans in the grocery business, leaving his brother here to manufacture shoes and boots, according to E. Dexter Littlefield. The brother who was in the South would ship a hogshead of molasses to his brother in Avon and as soon as the hogshead was empty it would be cleaned and would be filled with boots for the southern trade. This practice was kept up for years, and in this way a good trade was built up for Avon footwear.—Boston Globe.

Saved by Artificial Breathing.
Dr. S. F. Derionjinsky, a Russian surgeon, reports the case of a peasant of twenty-one who, following an angina of probably diphtheritic origin, was stricken with paralysis. After two weeks of total paralysis some movements of the arm appeared, but a few days later respiratory trouble began. The breathing rose to forty to the minute and became superficial, with momentary stops. It was necessary to resort to artificial respiration. With the assistance of pupils in the infirmary school this was kept up day and night from Feb. 5 to Feb. 20. On the latter day the patient began breathing naturally, but difficulty in swallowing arose about the same time. On Feb. 26 it became necessary to begin artificial respiration again. This was maintained until March 1, when natural breathing returned, and the patient recovered.

Thackeray's Criticism.

In "Bar, Bat and Bit," by the Hon. Sir Edward Chandos Leigh, is the following Thackeray story:

Thackeray and others were great frequenters of Evans', in Covent Garden, kept by Paddy Green, where the most beautiful glee songs used to be sung. There was a little cotterel there, and I was honored by being allowed to join that cotterel. We used to devour chops, baked potatoes and other adjuncts to a homely supper after the theater. One night I found Thackeray alone at the table when up came a small, obscure gentleman, who rubbed his hands together and addressed Thackeray with the most fulsome compliments. When he passed on I said to Thackeray, "Pray tell me who is that?" His answer was, "He calls himself an artist, but he paints us much in butter as he does in oil."

Arms and the Child.

Girl scouts exist in Germany also instead of camp fire girls they call them something that sounds like a mixture of Fenimore Cooper and mustachioed comedy—Pathfindresses is the literal translation. Apparently, too, they go in for being military with true German thoroughness. One reads how a head game warden presented himself at the shop of a dealer in firearms in Berlin and desired to purchase a revolver. "A revolver!" said the dealer. "I'm sorry, sir, but I've just sold the last gross of revolvers in the shop to the Potsdam battalion of girl scouts."—New York Post.

Plenty Of Good Ones Left.

While Mr. J. A. Beazley, the popular insurance man, has had many of his companies to withdraw from the field, he informs us he has many good ones left and is amply able to take care of all his old customers, and as many new ones as will give him a chance.

New Firm At Paint Lick.

Messrs. E. L. Hedrick & Son have purchased the large merchantable business of Fish & Hammack at Paint Lick, and will continue business at the old stand. The new firm is advertising a big bargain sale to begin Saturday, March 21st.

Judge Burnside Still Improving.

Judge R. A. Burnside's condition continues to show marked improvement, and it is thought that he will soon be able to be around again. His principal trouble now is that he grows strength slowly, but with the coming of good weather, the warm sunshine will doubtless bring him new strength and vigor.

Friends Here Elated.

The news that the name of Miss Mary Bruce had been sent to the Senate by the President for appointment as postmistress at Stanford, was received here with a great deal of interest. Miss Bruce has many friends in this county who rejoice with her and congratulate the patrons of the office upon the appointment which we feel sure will prove a popular one.

Mr. R. S. Brown Conducting Big Sale.

Mr. R. S. Brown in this issue of the Record advertises a "Forced Adjustment Sale" and he is slashing prices right and left, with an utter disregard of profits. Mr. Brown carries a splendid line of up-to-date merchandise, and those standing in need of anything in his line will do well to take advantage of this bargain distribution.

Our Sick.

Three of our well known and best citizens, all at their homes in different parts of the county. Mr. Terrell Layton who has been ill since the 26th of December, is now able to be up and his legion of friends hope to see him out again soon.

Mr. T. D. Crook, of Markshire, was taken suddenly ill yesterday, and a physician was called at once but this morning his condition is very much improved, much to the gratification of his friends.

Mr. Zuck Elkin, who moved to lower Garrard from Clark Co., several years ago has been quite ill, and at his advanced age, 85 years, his condition is considered serious.

Wallace.

Fanny, the little eight year old daughter of Mr. and Mrs. Henry Wallace died at her parents home near Paint Lick at noon Wednesday of Scarlet Fever. She had only been ill since Sunday. The remains were interred in the Richland cemetery on Thursday. The death of little Fanny is a doubly severe one to the loving parents because of the fact that she was the only daughter. Their remaining child, a little son, has but recently recovered from an attack of the same dread malady which deprived him of his sister.

The deceased was a niece of Mrs. Ann Robinson of Lancaster, and has a wide circle of relations through the county. The Record joins in condolence to the bereaved family.

Masonic Club Room A Credit To The Order And To The Town.

The handsome Masonic Club room in the second story over the Citizens bank has been completed and is ready for occupancy. The room has been newly papered, floors and wood work painted, handsome rugs, numerous easy chairs, comfortable rockers and sofas, open fires and every comfort for the tired and lonesome brother who wishes to while away a few hours. Several large reading tables are covered, not only with Masonic literature, but with the daily newspapers, magazines and the current literature of the day. Upon the whole the room presents a cozy, homelike appearance, and the Masonic order feel justly proud of it. The lodge room above has also been newly papered and painted, and the Masonic fraternity of Lancaster now have as comfortable quarters as any lodge in the state.

Hicks.
Miss Levy Hicks, 18 years of age and daughter of Mr. and Mrs. Coleman Hicks, died at the home of her parents on Lexington pike yesterday at 12:30 o'clock of diphtheria, after an illness of two weeks. Services were conducted at the home today, after which the interment took place at the Lancaster cemetery.

Much sympathy is extended the bereaved family by their friends and acquaintances.

Fine To Hitch To Park Fence Patronize The Livery Stable Or Find A New Hitch Rack.

The City Council has given rigid instructions to the chief of police to at once stop the hitching of horses to the fence around the Park, and to promptly arrest anyone found hitching there in the future those who have been accustomed to utilizing the Park fence for this purpose will do so at their peril. Either take your horse to a livery stable or find some other place to hitch.

The Council also instructed the Chief to enforce the speed limit ordinance for automobiles within the city limits. This ordinance has been woefully disregarded by many joy riders to the imminent peril of children, pedestrains and the public in general, and the continuation of the practice meant that eventually someone would be hurt. Better track the law in future and avoid a fine.

All the property upon which there is back taxes due the town has been ordered sold the amount due after proper advertising. This means additional expense, and you had better pay up and avoid it. It takes money to conduct the affairs of the city just as it does any other business, and if you are in arrears for taxes, you should come forward and settle.

\$40,000. Damage Suit Against The Louisville & Nashville R. R. Co.

In Progress In The Circuit Court This Week.

The big Paint Lick damage suits against the Louisville & Nashville R. R. Co. are in progress in circuit court as the Record goes to press, and will probably consume the time of the court for the remainder of the week. The actions in the aggregate amount to the sum of \$40,750, and are as follows: Guy Rice, \$10,000; Fish & Hammack, \$10,000; G. W. Conn, \$6000; Treadway & Woods \$5000; J. M. Metcalf, \$2000; Martha Ely \$2500; Catherine Ely \$2000; O. L. Hammack \$2000 and Chris McClure \$250.

The litigation had its origin in the flood which almost annihilated the village of Paint Lick in March 1913, and the plaintiffs claim the inundation and injury was due to the railroad company constructing the abutments for their bridge over Paint Lick creek in such a manner as to narrow the channel of stream, thereby causing a vast volume of water to leave its original channel and flow through the streets of the village, resulting in great damage to the plaintiffs.

The case is exciting considerable interest and is being stubbornly fought by both sides. The plaintiffs are represented by Messrs. Robert Hardling and Judge E. V. Puryear of Danville and Messrs. Hamilton and Tomlinson of this place, while the railroads interests are being cared for by Mr. Northcutt of Lexington and Judge L. L. Walker and H. Clay Kauffman of this place.

Yes, And Lewis Landrum Aided Materially In Making It Possible.
From the tone of the Danville papers we would infer that the people of that city are not taking as readily as they should to the building of a hotel in that city to replace the Gilmer House recently burned.

A like proposition at one time faced the people of Lancaster, capitalists "figured" a great deal on the erection of a hotel to succeed the one burned, and the citizens finally despaired of "capitalists" or any private individuals erecting a hotel, and by what might be termed popular subscription, raised a sufficient sum, which added to a goodly amount subscribed by Mr. and Mrs. Zimmer, soon built what has come to be known as one of the best hotels in a town of this size in Kentucky.

We do not believe that there is a person in Lancaster who regrets their action in the assisting in the building of this house. The necessary amount was raised by subscriptions, the amounts ranging from \$10 to \$500, and the notes were not to bear interest for ten years.

Lewis Landrum has the following nice things to say about the hotel, but he omits to mention the fact that he personally, and the columns of the Record, of which he was editor at the time, were two of the principal factors in making it possible to erect the structure.

"In case a stock company is not im-

mediately organized for rebuilding the hotel, it might be well for public-spirited citizens to adopt the plan by which Lancaster secured one. Enough capitalists who wanted to place money in a hotel as an investment could not be secured, so, realizing the importance of having one, a number of energetic and progressive citizens agreed to build the house, and allow the renter, (who, by the way, put some money into it) to repay the money as able, without interest. Mr. and Mrs. Zimmer took charge of the new building, and today own it. It is an undisputed fact that today Lancaster has one of the best hotels in Kentucky, and the fact that traveling men praise it, and try to spend their Sundays there is proof of its merits. The hotel has done more to advertise Lancaster than any institution she has. If drummers boast a town, it will gain a good reputation, but if these fellows get a knife up their sleeve for a city, they will play the devil with it."

Private Corporation Seeks Control Of Lancaster's Utilities.

At a called meeting of the City Council on last Friday night a proposition was offered by Mr. J. R. Haselden in behalf of the Public Utilities Co. looking to the consolidation of Lancaster's Electric Light Plant, Ice Plant and Telephone Co., and incidentally seeking a twenty year franchise for the proposed corporation for the operation of the utilities which they seek to consolidate. The proposed company offer to extend the water works system to the river, the town furnishing the right of way and the pumping rights at the river and the company putting down a four inch pipe line and charging the city so much per 1000 gallons for water thus pumped into the city. A standard Bell Telephone Co. rating is offered in so far as the proposed telephone rates are concerned. The electric lighting rates under the proposed new system would also undergo material changes, the maximum rate being, we understand 12 cents per kilowatt, the present system of lighting the streets by arc lights would be abolished and a system of lighting them by 32-61 and 128 candle mazda lamps would be installed.

It was our intention to publish the entire proposition as submitted in order that the people might be advised as to just what kind of a proposition their City Council was up against, but we were unable to secure the original paper.

The paper was presented to the Council by Mr. Heily V. Bastin, and read by Mayor Davidson but as it was impossible to secure the services of one of the Council to submit it to his colleagues in the form of a motion, or in some tangible shape in order that it might be considered by that body, the matter was not admitted to record or any cognizance taken of it by the Council.

We understand the proposition is undergoing material changes, and accompanied by a petition, will be resubmitted to the Council and an effort made to have that body consider it in the near future.

The Council were at the time of their election committed upon the telephone subject, and we understand are unanimously against the proposition, and we deem it hardly probable that it will meet with consideration at their hands when presented in new form.

Gravity Clock.
Among the small English novelties seen is the new gravity clock, which does not require winding. The motive power is supplied by the weight of the clock, which takes seven days to travel down upright bars. At the end of the seven days the clock is simply raised to the top again. The clock stands on a handsome mahogany base and the bars are supported from the center of a handsome arch of mahogany.

Playing the Piano.
Millions of people play the piano Few people listen to them. Why is that? Let me remind you of a little story. One summer Joseph Jefferson, the dearly beloved old actor, spent a part of his holiday near a lonely little village. Early on Sunday morning he met the clergyman of the place. Church and stage instantly became friendly and Jefferson was asked whether he would care to read a part of the service. He consented to read the Lord's Prayer. After the service the white haired clergyman shook his hand. Tears were in his eyes as he said, "Ah, Mr. Jefferson, you ought to have entered the church!" "Why?" asked the great actor. "Because when you read it gets into the hearts of your hearers. I thought I had never heard the Lord's Prayer before, you read it so beautifully." "Well," said the modest old actor, "you know, don't you, that hardly one person in a million is ever rightly taught to read."

Similarly, few people are ever rightly taught to play. That is why, perhaps, so few care to listen to the average player.—Woman's World

When the Full Moon Lights Sahara.
The following description of the Egyptian full moon is quoted from "It Happened In Egypt":

"The stars spoke to us as we walked soft footed through the sand, and the pure wind of the desert spoke other words of the same language—the language of the universe and of nature. Here and there yellow lights in a distant camp flashed out like tapers; far away across the billowing sands rocks bleached like bone gave an effect of surf on an unseen shore; now and then a silent, swift moving Arab stealing out of shadow might have been the white woman who haunts the sphinx hurrying to a fatal tryst, and the great pyramid seemed to float between desert sand and cloudless sky like the golden palace of Aladdin being transported through air by the gentle of lamp. There never was such gold as this gold of sand and pyramids under the moon!"

Bird Ballast—a Storm Sign.
"What is all that great crowd of crows doing?" we asked the aged lighthouse keeper.

"They're swallerin' sand; balast," answered. "They're swallerin' sand; balast—a sign of storm."

The beach, white in the winter sun, was covered with crows. They seemed to be feeding busily.

This Stomach Remedy.

A Woman customer said to us the other day, "Say, you ought to tell everyone in town about Rexall Dyspepsia Tablets. I would myself if I could." That set us to thinking. So many people have used them and have so enthusiastically sounded their praises both to us and their friends, that we had an idea you all knew about them. But, in the chance that some of you who suffer from indigestion, heartburn, dyspepsia, or some other stomach complaint, don't know about them—we are writing this.

They contain Bismuth and Peppermint, two of the greatest digestive aids known to medical science. They soothe and comfort the stomach, promote the secretion of gastric juice, help to quickly digest the food and convert it into rich red blood, and improve the action of the bowels. We believe them to be the best remedy made for indigestion and dyspepsia. We certainly wouldn't offer them to you entirely at our risk unless we felt sure they would do you a lot of good. If Rexall Dyspepsia Tablets do not relieve your indigestion, check the heartburn, and make it possible for you to eat what you like whenever you like, come back and get your money.

Sold only at the more than 7,000 Rexall Stores, and in this town only at our store. Three sizes, 25c, 50c, and \$1.00. R. E. McRoberts, Lancaster Ky.

LANCASTER PROOF

Should Convince Every Lancaster Reader.

The frank statement of a neighbor, telling the merits of a remedy, bids you pause and believe.

The same endorsement.

By some stranger far away commands no belief at all.

Here's a Lancaster case.

A Lancaster citizen testifies.

Read and be convinced.

Mrs. C. T. Brummett, Crab Orchard St., Lancaster, Ky., says: "My kidneys were out of order and I had pains through my back and kidneys. At times I was nervous. Dean's Kidney Pills made me feel much better and stronger in every way."

If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mrs. Brummett had—the remedy backed by home testimony. 50c all stores. Foster-Milburn Co., Props., Buffalo, N. Y.

VALUE OF RHEUMA FROM THE COURT

Judge Barhorst Was Relieved Of Rheumatism After Doctors Failed.

If you have tried many other remedies and doctors' treatments for Rheumatism and found they failed, do not be skeptical about trying RHEUMA. Read the testimony of Judge John Barhorst from Fort Loramie, O.

"After treatment by three doctors without result, I have been cured of a very bad case of Rheumatism by using two bottles of RHEUMA. It is now two years since I used the remedy, and I am still as well as ever. Previously, I was a cripple, walking with crutches."

Such testimony should be convincing. 50 cents of R. E. McRoberts guaranteed.

No One Told Him. A man was caught in the yards of the Premier Motor Manufacturing company the other day while helping himself to a liberal supply of coal. His captor, grabbing him by the collar, asked: "Who told you to pick up that coal?" "Nohody told me, sir," replied the man. "I just needed it." —Indianapolis News.

7 Tons of Silver a Month. A widely known firm of manufacturers of cameras and photographers' supplies use between six and seven tons of silver a month for making nitrate of silver. It claims to be the largest consumer of silver bullion in the United States, but the Engineering and Mining Journal expresses the opinion that some of the silversmiths or silver platers may be larger consumers even than this firm.

Not Required to Kiss Bible. The president of the United States is not required to kiss the Bible on taking the oath of office. The custom grew out of the fact that an early law of Maryland made that ceremony part of a legal oath, and the custom was continued in the District of Columbia, but it is not essential, nor is any particular form of oath. Jews are sworn on the Pentateuch, keep on their hats and conclude their oath with "so help me Jehovah," and if a Jew were elected president he would be permitted to take the oath of office in that form.

In making up rations for heifers and dry cows feed a variety of grains and roughage, says L. J. Meredith in the Iowa Homestead. Various kinds of feed furnish the elements needed to build up the animal's system and supply the unborn calf with proper nourishment. Some dry cows need nearly as much food as they do when giving milk; others will keep in good condition with plenty of roughage and a very light ration of grain. The dairy cows grow dry that she may build up her system and that of her unborn

The purpose of this sale is to settle the estate and divide the proceeds among the persons entitled to receive the same as their rights may be adjudged.

Said two tracts will be offered separately and as a whole and the Commissioner will accept the bid or bids that will bring the most money.

Feeding the Young Stock.

Keep the young stock growing if you expect them to develop into profitable animals. One should not, however, make the young stock he intends to put on grass next spring fat by feeding them corn through the winter. Feeders too often are surprised after feeding their calves and yearlings an abundance of corn during the winter to find that they do not do as well on grass during the summer as others that are not fed so well. The reason is obvious. No animal does well when turned from a good ration to a poor one. There is more or less shock to the system to begin with, and as the animal on grass is not getting the fat forming elements the corn furnished is very likely to go back—at least not go forward in the same ratio as the animal that has been kept on flesh forming ration during the winter and goes right on with a similar ration during the summer.

Cattle Raising Profitable.

I am breeding Hereford cattle and find the business a very paying one—stable the cows, calves and yearlings, insights during the severe winter, leave the stock that are being fattened for market out in open sheds, straw stacks for shelter, writes a Minnesota farmer in the American Agriculturist. They keep healthy this way, have a fine appetite and do not seem to suffer in the least from cold. It reduces to a considerable extent the work of taking care of them. I have found the best all round feed to be corn and alfalfa for both beef and dairy stock and am marketing my corn and grain in the shape of beef and pork, as this is the best way to get the biggest returns.

Tender Mouthed Horses.

For tender mouthed horses a long, straight bit is best. I keep a piece of alum in my pocket and rub it in the corner of the horses' mouths before and after driving. I also find that the alum is good for sore necks and shoulders.—C. J. Lanam in Wallace's Farmer.

TERMS.

Silage fed stock require one-third less grain than cattle fed dry fodder and produce beef more economically.

Few facts in agriculture have been more clearly and conclusively established than that the silo is a necessity to the stock farmer.

Combining the cost of growing the corn crop and the cost of siloing and adding 50 cents per ton for depreciation, the cost of producing silage amounts to \$2.25 per ton.

Silage, whether it be corn, Kafir or cane, has a palatability and a succulence which other feeds do not possess and which are absolutely essential in making up a suitable ration for the milking cow.

The cow will not tire of silage as she will of other feeds. The cow will eat silage the year around if she has opportunity.
